

# DEGRAISOLV

## A NEW GENERATION FAST DRYING CLEANING AGENT

### THE PROFESSIONAL RANGE

#### DESCRIPTION

**DEGRAISOLV** is a new generation very fast drying cleaning agent. It acts efficiently in removing grease from brakes and cleaning them thanks to its fast evaporation combined with a high cleansing power.

High efficiency on all types of greases and oils, tars, waxes, resins, adhesives, inks, glues.

**DEGRAISOLV** can be used for degreasing UNPLUGGED electric materials.

#### FIELDS OF APPLICATION

**AUTOMOBILES – MOTORCYCLES – GO KARTS – MECANICAL INDUSTRY**

#### ADVANTAGES

**DEGRAISOLV** helps the operation of instant bonding, painting, bar turning, polishing.

Its fast action, the speed it evaporates, its more eco-friendly composition and its spraying system with refillable aeros-prays allow **DEGRAISOLV** to impose itself in leading edge domains, in replacement of trichloroethylene, methylene chloride, perchlorethylene, by meeting the requests of customers who commit themselves in an “eco-responsible” approach.

**HIGH BIODEGRADABILITY.**

#### INSTRUCTIONS

**DEGRAISOLV** is used pure and in cold application.

Sprayer – cloth – brush – or by soaking, in a place equipped with sufficient ventilation or an extractor. On sensitive plastics (clear), carry out a preliminary compatibility test. After cleaning the brakes, operate them before putting them back into use.

Degreasing of electric materials: the operation must be done on installations without any spark and which do not heat. After these degreasing operation (where materials are UNPLUGGED from the power source), users must be sure that solvents have been totally evaporated before switching on the material.

#### PRECAUTIONS

For professional use. Consult the MSDS (upon request only).

The information in our brochures, letters, reviews and reports is provided to advise you especially regarding testing that has been carried out, with an ongoing concern for objectivity and without any commitment on our part.

#### PACKAGING

- Case 12 x 600ml (aerosols)
- Case 12 x 500ml (Refillable aerosprays)
- Case 4 x 5L
- Drums 30L-60L-210L

Program listed A8  
(Registration #145320)
